

JK Day 4 Planners' report

We couldn't have asked for a better day. The weather was almost perfect for running and the event went like clockwork thanks to the huge effort by Dave Urch and his teams of helpers. Thank you to all of you.

A special thanks to Simon Thompson and Charles Daniel for their help, checking and advice and for generally keeping us under control and to Dave Peel for his mapping and his helpful tips. And finally, thank you to everyone for coming and competing. We had a lot of fun planning the courses and we hope you had a lot of fun running them.
